Prescription Agreement Form

The purpose of this agreement is to protect your access to controlled substances and protect our ability to prescribe for you.

The long- term use of such substances as opioids (narcotics, analgesics), benzodiazepine tranquilizers and barbiturate sedatives is controversial because of uncertainty regarding, the extent to which they provide-long term benefit. There is also the risk of an addictive disorder developing or of relapse occurring in a person with a prior addiction. The extent of the risk is not certain. Because these drugs have potential for abuse or diversion, strict accountability is necessary when use is prolonged. For this reason the following policies are agreed to by you, the patient, as consideration for, and a condition of, the willingness of the physician whose signature appears below to consider the initial or continued prescription of a controlled substance to treat your chronic pain.

1. All controlled substances must come from the physician whose signature appears below or, during his or her absence, by the covering physician, unless specific authorization is obtained for an exception. (Multiple sources can lead to untoward drug interactions or poor coordination of treatment.)
2. All controlled substances must be obtained at the same pharmacy, where possible. Should the need arise to change pharmacies, our office must be informed. The pharmacy that you have selected is:

***_____ Phone: _____**

3. You are expected to inform our office of any new medications or medical conditions, and of any adverse effects you experience from any of the medications that you take.
4. The prescribing physician has permission to discuss all diagnostic and treatment details with dispensing pharmacist or other professionals who provide your health care for purposes of maintaining accountability.
5. You may not share, sell or otherwise permit others to have access to these medications.
6. These drugs should not be stopped abruptly, as an abstinence syndrome will likely develop.
7. Unannounced urine or serum toxicology screens may be requested, and your cooperation is required. Presence of unauthorized substances may prompt referral for assessment for addictive disorder.
8. Prescriptions and bottles of these medications may be sought by other individuals with chemical dependency and should be closely safeguarded. It is expected that you will take the highest possible degree of care with your medication and prescription. They should not be left where others might see or other wise have access to them.

Your insurance policy is a contract between you and your insurance company. We are not party to the contract. Please be aware that some, and perhaps all, of the services provided may be non-covered services or not considered reasonable and necessary under the Medicare Program and/ or other medical insurance. The balance due is your responsibility whether your insurance company pays or not.

REGARDING REFERRALS:
It is your responsibility to obtain all referral forms required by your insurance company. Please be aware that if you choose to be seen by our doctor under an out of network insurance plan, you assume liability for the difference in coverage benefits.

REGARDING PATIENTS WITH NO INSURANCE:
Payment is due at the time of service.

REGARDING PATIENTS WITH MEDICARE:
We will file all charges with Medicare and your supplemental insurance if applicable. If you do not have supplemental insurance, you are expected to pay for the 20% not paid by Medicare, or any deductible that has not been met at the time of your appointment.

MINOR PATIENTS:
Patients under the age of 18 **must** have a parent and/or guardian accompany them to our office before treatment can be rendered. The accompanying adult of minor and /or the parents (or guardians of the minor) are responsible for full payment.
